Change of shop front sign - 41, High Street, Baldock.

The proposal seeks to retain the recently changed sign at the above.

The earlier sign was green upper case lettering fixed direct to the white render with smaller black upper case lettering under.

Removal of the earlier letters by the previous occupiers caused some minor cosmetic damage to the plasterwork which led to the new occupiers locating their signage on a timber board painted blue with white upper case lettering.

Lighting to the frontage remains as previously existing and is unchanged.

No other alterations are required.

The property is Grade ll listed and the description is as follows,

C17 or C 18 ,altered, stucco, tiled roof.2 storeys, Georgian style shop windows with glazing bars. Geometrical glazing bars to 6 snail first floor casement windows. Central broken pediment over shop doorway. Door on left under cut bracketed hood, flanked on far left by casement window with louvered shutters, on right by pointed arched entrance to passageway. Long back wing.
