Dear Sir,

Electronic Communications : Install 1 x meter pillar equipment cabinet (PCP007) Telecommunications Equipment Adjacent To The Front Entrance Of Elbrook House, Elbrook Lane, Ashwell, Hertfordshire,

I refer to your letter received on 27 November giving formal notification in advance of the above work, pursuant to Regulation 5 of the Electronic Communications Code (Conditions and Restrictions) Regulations 2003 in accordance with Part 16 of the Town and Country Planning (General Permitted Development) Order 2015.

I can confirm receipt of the notification on behalf of the Local Planning Authority. I note that this notification is not a request for pre-application advice, prior approval or for confirmation that the development would be considered lawful.

If you require confirmation that the work would benefit from being permitted development as defined by the Town and Country Planning (General Permitted Development) Order 2015, Schedule 2, Part 16, Class A, an application for a certificate of lawful development would need to be submitted.

Yours Faithfully,

Sam Dicocco
Planning Officer
North Hertfordshire District Council
