

Internal Photos of Door Frame to be raised

(from stair-side – shows no beams/historical features will be affected)

Step at bottom of internal staircase creating low head clearance, necessitating extension to accommodate stair lift

Internal Photos of location for new ensuite

Internal partitions to be created to incorporate and extend existing cupboard out into bedroom area. No historical features to be affected - partitions to stop short of fireplace.

Existing Cupboard

Existing Doorway – door would open into room as per plan

Existing Bathroom – Style of new shower room would be similar, and same radiator will be used.

Style of fittings proposed for new shower room
