Dear Mr McCarthy,

Discharge of Conditions : Discharge of Condition 3: Notwithstanding the fact that the applicant has confirmed by email dated 10/02/2015 that the rear external doors will incorporate true leaded lights, full manufacturer's details of the rear doors shall be submitted to and approved in writing by the Local Planning Authority prior to the commencement of that part of the alterations hereby consented (as attached to Listed Building Consent reference 14/03368/1LB granted 13/02/2015)
34 Sollershott East, Letchworth Garden City, Hertfordshire, SG6 3JN,

Please quote the following reference: 18/00876/DOC on all correspondence.

I refer to your application received on 20 March 2018 which seeks approval of details for the rear external doors and confirmation that these will incorporate true leaded lights and is pursuant to Condition 3 of the listed building consent reference number 14/03368/1LB.

It is understood that the reference to '16mm darkened true lead' on submitted drawing no. SL200 – French door details, is a reference to the actual width of the lead cames and not the thickness of the glazed unit. On the basis of the details provided, I am prepared, on behalf of the Local Planning Authority, to approve the French door details, thus, satisfying Condition 3 of Listed Building Consent 14/03368/1LB.

I would remind you that the requirements of the aforementioned condition will not be fully complied with until the development has been completed in accordance with the details hereby approved. Should you require the Local Planning Authority's agreement in this respect then you will need to apply in writing following the completion of the development.

Yours sincerely

Simon Ellis
Development & Conservation Manager
