Dear James,

Please see below the proposed planting list for Waterloo Lane, Holwell as per submitted plan.
The trees and plants have been chosen for their complimentary characteristics to the site, their colour, form and structure. All the trees are small to medium ensuring they suit the space and will not damage the buildings or surrounding features. The shrubs chosen will give evergreen structure and or long periods of flowering. All will grow to a suitable size for the design, creating a cohesive and attractive scheme.

Proposed planting list

	Trees		
	name	size	quantity
1	Sorbus Joseph Rock	14.16	1
2	Amelanchier x grandiflora Ballerina	12.14	1
3	Malus Everest	12.14	1
4	Prunus autumnalis	10.12	1
5	Prunus Amanogawa	14.16	1
	Shrubs		
a	Ceratostigma plumbaginoides	2/3 litre	12
b	Euonymus japonicus Kathy	2/3 litre	11
c	Griselinia littoralis	2/3 litre	17
d	Euonymus japonicus Kathy	2/3 litre	11
e	Spiraea Anthony Waterer	2/3 litre	18
f	Rosemarinus officinale	2/3 litre	15

All plants should be container grown and from a reputable supplier. Landscape planting procedures should be adhered to as standard.
I trust that these details are suitable - should you have any questions, please do not hesitate to ask.

Kind Regards,

Allison Thomas
