Dear Jo,

I am responding to your letter of 6th April regarding the planning application for Glebe House, Clothall Road, Clothall, SG7 6RE.

I have viewed the application and sought out views from Parishioners within the Parish.

There have been no objections raised and I am supportive of the application. The plans are in keeping with the existing dwelling and will bring the home up to modern living standards in terms of layout and flow. With their being no adjacent properties to either side of Glebe House, the proposed extension would not encroach.

Many thanks,

Yours Faithfully,

[redacted]

Rachel Kelley
