Please provide the following information below : tree species (and the number used on the sketch plan) and description of works. Where trees are protected by a TPO you must also provide reasons for the work and, where trees are being felled, please give your proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.
E.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with 1 standard ash in the same place.

T1 Large Apple ~ Due to extent of decay in main stem, reduce height by up to 1.0 metre back to suitable pruning points to alleviate overall weight and remove deadwood from remaining crown.
T2 Smaller Apple to left of rear garden ~ General prune, leaving with natural shape and balance.
