Dear Melissa
Please find attached the ecology licence paperwork for your records relating to condition 26 for Sandon Bury Farm. The licence was granted on 7 November 2019, apologies if you have already been sent this and I am duplicating.
Best wishes
Kate

Dear Kate Redfern, Mark Walker,
Cc Duncan Painter,

European Protected Species Mitigation Licence – Sandon Bury Farm, Sandon, Buntingford, Herts, SG9 0QY

Licence Ref No: 2019-43358-EPS-MIT

I attach the licence issued today for the above site.

**Please read the detail of your licence carefully to ensure that you comply with what the licence covers. Particular attention should be paid to the number and species licensed as this may differ to what was requested. Also, should this licence be a modification then the new licensed figure excludes any animals permitted to be captured/taken/disturbed/transported etc on your previous licence and a modified licence replaces your previous licence.**

**In particular please note the new condition 2 within the annex which relate to timing of licensable activities. If you have any queries regarding these new conditions please contact enquiries@naturalengland.org.uk in the first instance.**

The licence should be used in conjunction with the current Delivery Information and made available on site if required for inspection. It is the Licensee's responsibility to ensure that the named Ecologist has a copy of the latest version of the method statement which forms part of the licence.

Please note that licensed figures/maps are not sent back to the licensee/named consultant with any licence granted. Anyone working under a licence must however comply with those figures/maps specified (dated and referenced) in the special conditions of the annex licence document.

Below is a link to our website that contains a *Report of Action Taken Under Licence* document. It is a condition of the licence that this must be submitted to Natural England no later than 14 days following the licence expiry date.
https://www.gov.uk/government/publications/report-your-actions-under-a-european-protected-species-licence

Should you wish to modify your licence please see document submission checklist below.

We would welcome your feedback on the licence application process, please the the following link https://www.gov.uk/government/organisations/natural-england/about-our-services#feedback-and-complaints

Best regards

Jerry
