

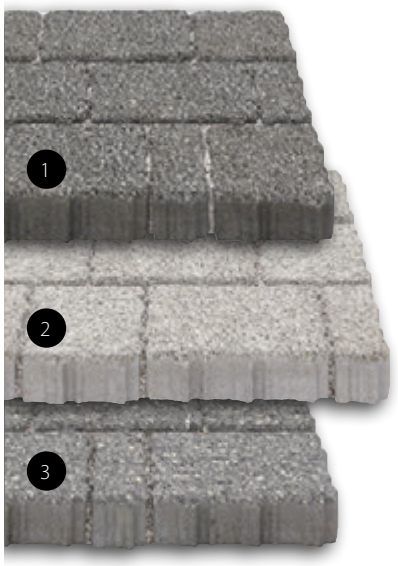
DRIVESETT® ARGENT® PRIORA®

Patented Permeable Block Paving

Complete The Look
Recommend: **Paving** p42 **Walling** p92 **Edging** p170



Contemporary sustainable driveway solutions

The ultimate sustainable driveway option with no additional drainage required and no need for planning permission. Priora Permeable Paving is designed to enable rainwater to percolate directly into the ground below, without overloading the drains, thereby reducing flood risk. Argent Priora has all the design appeal of a contemporary granite-look finish and is available with a range of co-ordinating, walling and edging features.

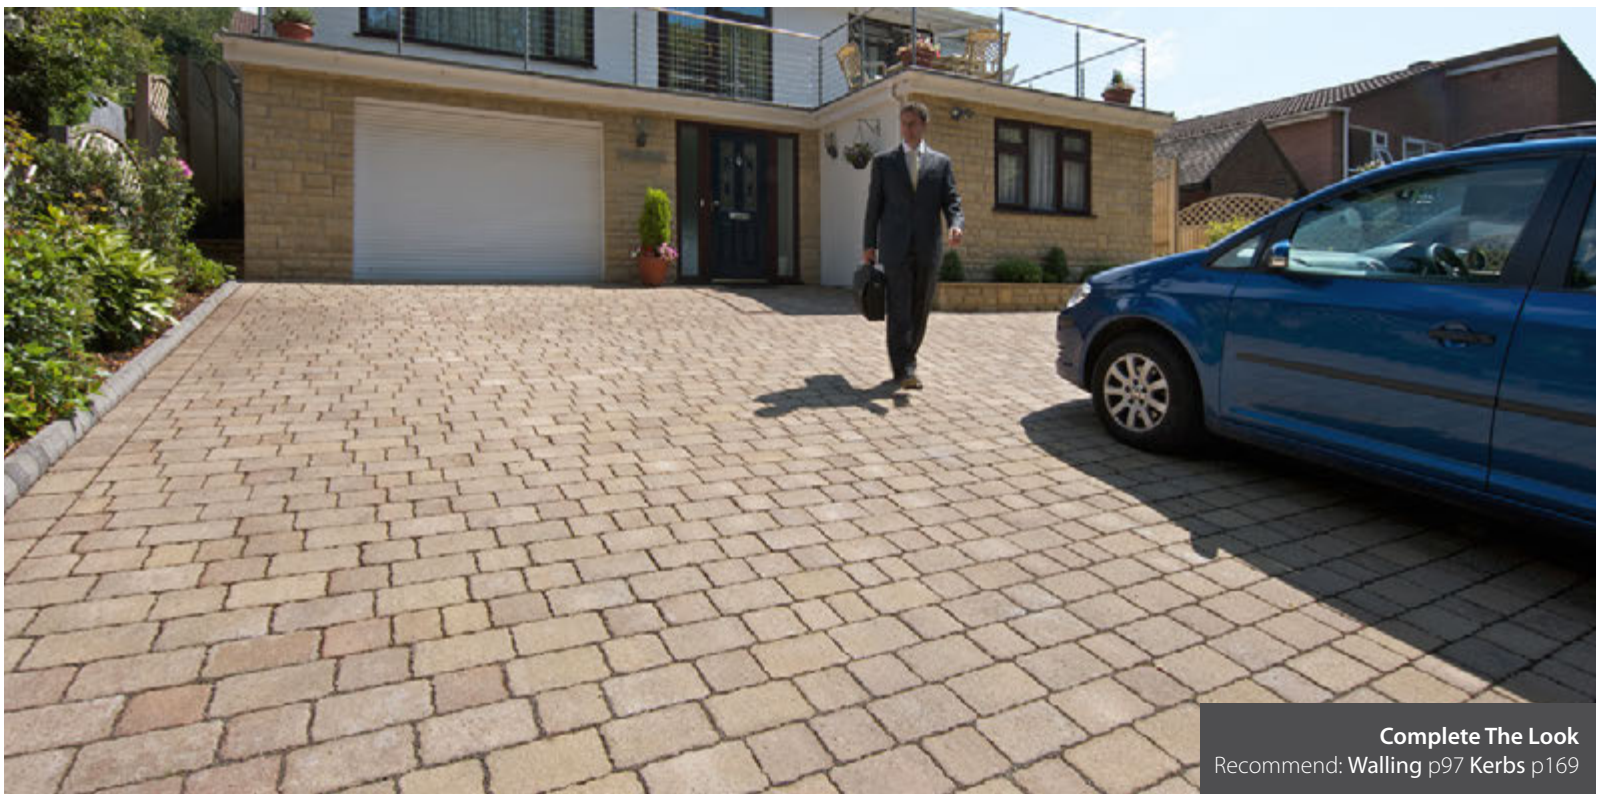
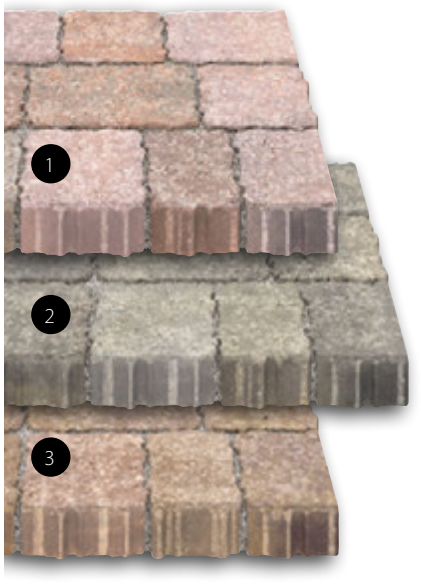
DRIVESETT® TEGULA® PRIORA®

Patented Permeable Block Paving



Complete The Look
Recommend: **Walling** p97 **Kerbs** p169



High quality, aged and authentic sustainable block paving

The original and most popular traditional block paving in the UK, renowned for its lasting high quality look, featuring an elegant timeworn appearance and available in a variety of sizes and rich colour blends. No planning permission required – Tegula Priora is designed to manage heavy rainfall in a sustainable way, with surface water passing through into the ground below. No need for additional drainage.
