Off-Site Transport Management Plan

Client - John Burgess & Co Ltd

Project - Housing Development, The Aspens, Hitchin

All deliveries will be advised of the location of the site and the opening hours, due to the residential nature of The Apsens and Willoughby Way, lorries will be advised to wait on Whitehill Road (or further away if possible) if they arrive before 8:00am. Articulated lorries will be discouraged as much as possible and large loads will be briefed on the access when the orders are placed.
