Ref. Section 3 Application, 1 Priory Close
Royston

Dear M. Tiffin, I would to object to the proposed building of flats in place of the original bungalow at 1 Priory Close.

Once you set a precedent of this happening, there is no reason why any other resident in Priory Close could not do the same, ~~Parking~~ ruining what is a quiet pleasant road. Already the initial entrance to Priory Close has been spoilt due to the seven mature trees fronting the property having been cut down without

any notice, or presumably permission almost overnight.

Flats here would also add to problem of energy into traffic on a busy Newmarket Rd.

Yours faithfully

[redacted]
