NORTHGATE

NEIGHBOURHOOD OBJECTION PETITION - submitted to North Herts District Council Planning Department

We, the undersigned local residents, strongly object to the proposed installation of a 20m phone mast and associated infrastructure by EE outside 53 Hawthorn Close SG5 2BP (reference NHDC Planning Application 25/01258/TD) and urge the council to refuse the application for the following (abbreviated) reasons:

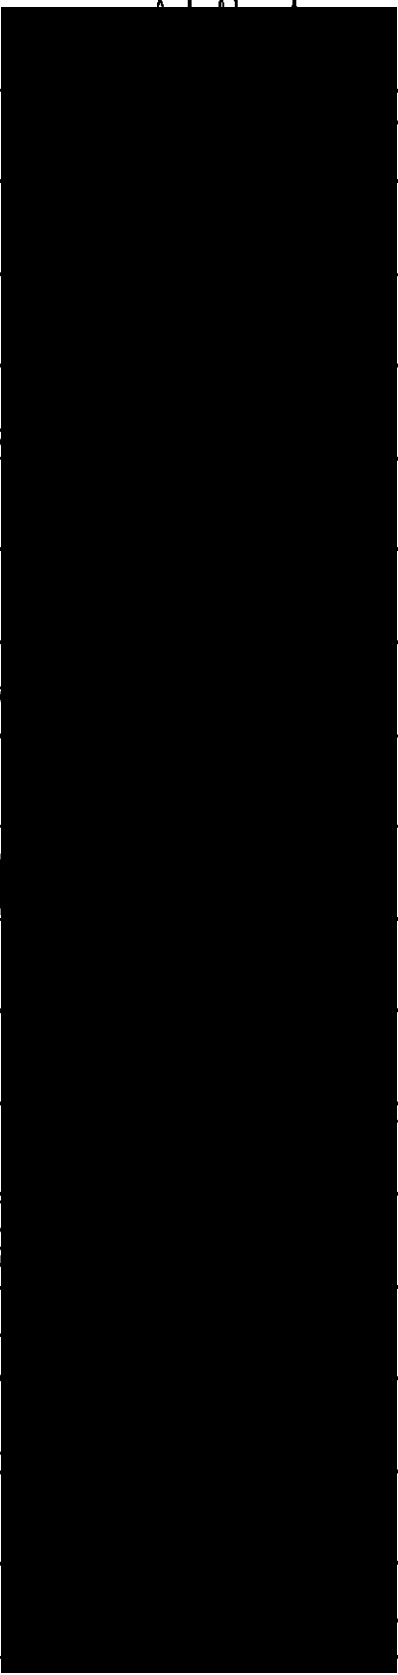

1. Overpowering and obtrusive visual impact in a quiet residential area comprising mainly single storey bungalows, that will affect and diminish local character as well as residential enjoyment and amenity
2. Inadequate public consultation or proven need for such a prominent and widely visible mast
3. Such structures are as yet unproven with regard to the potential of being hazardous to health
4. Inevitable negative impact on desirability, saleability and thus value of properties within at least 250m of such an installation
5. Priory Estate Covenants agreed in/around 1955 pertaining to the planning permission agreed for construction of the Willows Estate, under which our properties are bound, citing that no prominent building/installation can be constructed that will be visible from the Priory estate; a 20m phone mast is such a structure
