Our above business of Leys Avenue Letchworth, Herts strongly object the proposal of Papa John's pizza place at 62 Leys Avenue, Letchworth.

I have only just been made aware over the Easter weekend regards to their proposal, my company members & I will be speaking to our solicitors and taking the matter forward and will be submitting full formal objections to the council. We businesses are already suffering hugely due to high rents and low sales, more competitors and more fast food takeaways will just make it more difficult for each company to trade as the customers will be going to new competitors. It's becoming very tough especially with Brexit coming near and our operational costs going extremely high, food prices, severe problems recruiting staff, high wages & traffic/congestion will be a huge issue too. Also the council and government are demanding stricter laws for Healthy eating so allowing more pizza places will impact Healthy Eating and cause obesity more. The businesses already trading cannot afford another competitor. Our businesses will suffer dramatically. Please kindly accept our Objection notifications as of 3rd April 2018. We will be discussing with solicitors and yourselves regarding formal objection notices to be submitted.

We thank you for your time and hope we can meet ASAP with the planning council department to discuss further.

Please do not hesitate to contact us to clarify further. We look forward to your response.Many thanks.

Kind regards
