Dear Mr Greaves

Re: Full Permission Householder:
Single storey rear extension.
Glebe Cottage SG4 7DJ

I neither object to or approve of
the above application. As far as
I can make out from the plans,
it should not impinge on my
property.

However, I do have a couple
of questions. I have already
stated one of these in relation to
the last application made by the
owners of Glebe Cottage.

You, Ref: 25/02291/FPH

Considering how much development has already been made to this property, do the rules for a listed property and conservation area still apply.

My second question, which is none of my business, relates to a property nearby. The previous owners did make a number of changes, but the current owners can't even get permission for a double garage or car port. I wonder why. I do not expect a reply to this query.

Yours sincerely
