Dear Mark

Thank you for your email and I really appreciate your help. I am very "green" around this area and had not considered the change in description having a material impact. My apologies for any workload this has caused, particularly with your caseloads increasing.

I have copied both Claire and James Mackintosh (project architect) into my reply. I am more than happy you copy both into any correspondence regarding the work at The Cloisters.

I take your suggestion of reverting to the 2022 description. Unless either James or Claire should consider there is reason not to. Do you require me to submit any updated forms on behalf of the Trust or will this email suffice?

I hope you and your family also enjoy the holiday festivities.

Yours sincerely
Peter Lucas
General Manager
