N/A

4.0 **Planning Considerations**

4.1 **Site and Surroundings**

4.1.1 No. 22 is a two storey semi-detached dwelling situated on the north east side of Millard Way. The property features a brick finish with uPVC fenestration. Off-street car parking is available with space for two cars. The site has been previously extended with a two storey side extension and single storey front extension.

4.2 **Proposal**

4.2.1 Planning permission is sought for the construction of a single storey rear extension that would measure approximately 4m in depth, 9.2m wide and 3.2m in height with 2.3m to the eaves.

4.3 **Key Issues**

4.3.1 The key issues for consideration are as follows:

--The acceptability of the design of the proposed development and its resultant impact on the character and appearance of the area.

--The impact that the proposed development would have on the living conditions of neighbouring properties.

--The impact that the proposed development would have on car parking provision in the area.

Design and Appearance:

4.3.2 The objectives of the NPPF include those seeking to secure high quality design and a good standard of amenity (Section 7 - Requiring good design). In this regard, Policy 28 and 57 of the Local Plan is consistent with the NPPF.

4.3.3 The proposed development would be sited to the rear of the application site and therefore well screened from view of the public street scene. Additionally, given the single storey nature, appropriate design and use of materials, it is considered that the proposed development would not result in an adverse impact upon the character and appearance of the dwelling within the street scene. The proposal would be compliant with Policy 28 and 57 of the District Local Plan and the core principles set out within the National Planning Policy Framework.

Impact on Neighbouring Properties:

4.3.6 A core planning principle set out in the NPPF is to always seek to secure a good standard of amenity for all existing and future occupants of land and buildings. This principle is reflected in the provisions of Policy 28 of the Local Plan.

4.3.7 The application site is neighboured by No. 20 and 24 Millard Way. The proposed development would measure approximately 4m in depth and be sited off the boundary with No. 24 Millard Way. It is considered that the proposal would result in no unacceptable impact upon the light, privacy or amenity of the neighbouring occupiers to No. 24 Millard Way.

4.3.8 The proposed development would not project beyond the rear elevation of No. 20 Millard Way given the existing single storey extension projecting along the party boundary with the application site. Therefore it is considered that the proposal would result in no unacceptable detrimental impact upon the amenities of the neighbouring occupiers.

4.3.8 Given the above, it is considered that the proposed development would result in no unacceptable overbearing impact upon neighbouring occupiers and is therefore compliant with Policy 28 of the District Local Plan and the aims of the National Planning Policy Framework.

Highways and Parking:

4.3.9 The proposed development does not include an increase in the number of bedrooms, therefore there would be no car parking issues arising from the proposed development.

4.4 **Conclusion**

4.4.1 The proposed development is considered acceptable and is considered to comply with the necessary provisions of both the existing and emerging Local Plan policies and the National Planning Policy Framework. Grant conditional permission.

5.0 **Recommendation**

5.1 That planning permission be **GRANTED** subject to the following conditions:

1. The development hereby permitted shall be begun before the expiration of 3 years from the date of this permission.

   Reason: To comply with the provisions of Section 91 of the Town and Country Planning Act 1990 as amended by Section 51 of the Planning and Compulsory Purchase Act 2004.

2. The development hereby permitted shall be carried out wholly in accordance with the details specified in the application and supporting approved documents and plans listed above.

   Reason:To ensure the development is carried out in accordance with details which form the basis of this grant of permission.

Proactive Statement:

Planning permission has been granted for this proposal. Discussion with the applicant to seek an acceptable solution was not necessary in this instance. The Council has therefore acted proactively in line with the requirements of the Framework (paragraphs 186 and 187) and in accordance with the Town and Country Planning (Development Management Procedure) (England) Order 2015.
