

A 3D architectural rendering of a modern, single-story house. The house features a gabled roof with dark grey shingles. The main body of the house is constructed from light brown bricks. There are three windows: a large double window on the left, a smaller single window in the center, and another large double window on the right. The windows have black frames and light blue panes. A dark grey chimney is visible on the roof. The house is set against a plain white background, and a dark grey ground plane is at the bottom.
