

VELUX GGL MK04 Centre Pivot Roof Window - 78cm x 98cm

Features & Benefits: VELUX GGL MK04 Centre Pivot Roof Window - 78cm x 98cm

- Compatible with roof pitches between 15° and 90°
- Ideal for transforming your home with daylight
- Elegant yet convenient ventilation bar
- Various finish, glazing and operation options available
- Innovative Thermo-Technology™ keeps your home cosy
- Speedy, easy and safe to install
- 3-year guarantee on all electrical products and blinds
- 10-year guarantee on windows and flashings

Including pre-mounted brackets, you can find the perfect interior blind to complement your colour scheme and fit your window so you can control the amount of daylight that enters your room. It simply clicks into position, and you can insert the pre-cut side channels.

What's more, all the standard glazing options boast quality features including a UV filter, VELUX's unique rain noise reduction, safety lamination and toughened glass. The rain noise reduction helps to ensure a peaceful night's sleep without heavy rain noise on the window while the UV filter safeguards your furnishings against harmful UV rays which can cause fading. The toughened glass offers extra strength to the outer pane to protect against external environmental factors while the safety lamination inhibits the glass from falling if it were to accidentally break.
