As the Local Planning Authority and in line with Regulation 5, you have 28 days from receipt of this letter, to give us (the code operator) written notice of any reasonable conditions with which you wish us to consider in respect of the installation of the above apparatus.

For the avoidance of doubt this letter does not constitute: An application for a determination as to whether the prior approval of the Authority will be required to siting and appearance; or An application for planning permission.

In addition, can you, as the Local Planning Authority, please advise, and provide documentation, of any "Article 4 Directions" that are currently in operation and would restrict an Electronic Communication Operators network permitted development rights in this area?

Should you require further information about the above works, or any correspondence please do not hesitate to contact me at [techmregulation5notice@openreach.co.uk]

Yours faithfully,
