Notes:

- The following works and associated rationale are proposed under this application:
“T1 - Bay Laurel - Reduce to 3m and shape, T2 - Hornbeam - Remove side stem and remove low limbs to balance, T3 - Silver Birch - Remove over extending limb, T4 - Oak - Prune around cable and lift all round to balance to a height of 2.5m”.
- In my view, the proposed works to these trees are acceptable, as they amount to reasonable maintenance works that will maintain the health of the trees whilst allowing a suitable standard of amenity.
- The works will not result in any harm upon the character of the Conservation Area.
- The trees are not worthy of further protection via a TPO.
- No objection.
