NORTH HERTFORDSHIRE DISTRICT COUNCIL

Town and Country Planning Act 1990

DECISION NOTICE

Correspondence Address:

BBR Design
7 Paynes Park
Hitchin
SG51EH
United Kingdom

Applicant:

Mr Eldridge

PARTICULARS OF DEVELOPMENT

Application: 24/01938/FP

Proposal: Erection of two self-build detached 3-bed dwellings including refuse and cycle storage and parking following demolition of existing outbuilding.

Location: Winch Hill House , Winch Hill Road, Luton, Hertfordshire, LU2 8PB

Plan Nos: PL01_B PL02 PL03 PL12 PL13 Plot 1 and 2

PARTICULARS OF DECISION

In pursuance of its powers under the above Act and the associated Orders and Regulations, the Council hereby **GRANT PERMISSION** for the development proposed by you in your application received with sufficient particulars on 30 September 2024, subject to the following condition(s):

Biodiversity Net Gain

1. This development is not subject to the statutory Biodiversity Gain Plan condition because it is considered exempt under the statutory exemptions (<https://www.gov.uk/guidance/biodiversity-net-gain-exempt-developments>) or transitional arrangements in respect of the biodiversity gain condition.

Planning Conditions

1. The development hereby permitted shall be begun before the expiration of 3 years from the date of this permission.

Reason: To comply with the provisions of Section 91 of the Town and Country Planning Act 1990 as amended by Section 51 of the Planning and Compulsory Purchase Act 2004.

2. The development hereby permitted shall be carried out wholly in accordance with the details specified in the application and supporting approved documents and plans listed above.

Reason: To ensure the development is carried out in accordance with details which form the basis of this grant of permission.

3. No development shall take place until an Ecological Enhancement Plan (EEP) for the creation of new wildlife features such as hibernacula, the inclusion of integrated bird/bat and bee boxes in buildings/structures and hedgehog holes in fences, has been submitted to and approved in writing by the local planning authority. The approved measures must be implemented on site prior to the first occupation of the first dwelling hereby approved and retained on site thereafter.

Reason: To ensure development is ecologically sensitive and secures biodiversity enhancements in accordance with the National Planning Policy Framework. To comply with Policy NE4 of the North Herts Local Plan

4. Prior to occupation, each of the proposed new dwellings shall incorporate an Electric Vehicle (EV) ready domestic charging point.

Reason: To contribute to the objective of providing a sustainable transport network and to provide the necessary infrastructure to help off-set the adverse impact of the operational phase of the development on local air quality.

5.
 - (a) No development approved by this permission shall be commenced until a Site Investigation (Phase II environmental risk assessment) report, based on the conclusions of the Phase I preliminary environmental risk assessment already submitted, has been submitted to and approved by the Local Planning Authority which includes:
 - (i) A full identification of the location and concentration of all pollutants on this site and the presence of relevant receptors, and;
 - (ii) The results from the application of an appropriate risk assessment methodology
 - (b) No development approved by this permission (other than that necessary for the discharge of this condition) shall be commenced until a Remediation Method Statement report; if required as a result of (a), above; has been submitted to and approved by the Local Planning Authority.
 - (c) This site shall not be occupied, or brought into use, until:
 - (i) All works which form part of the Remediation Method Statement report pursuant to the discharge of condition (b) above have been fully

completed and if required a formal agreement is submitted that commits to ongoing monitoring and/or maintenance of the remediation scheme.
(ii) A Remediation Verification Report confirming that the site is suitable for use has been submitted to, and agreed by, the Local Planning Authority.
(d) Any contamination, other than that reported by virtue of condition (a), encountered during the development of this site shall be brought to the attention of the Local Planning Authority as soon as practically possible; a scheme to render this contamination harmless shall be submitted to and agreed by the Local Planning Authority and subsequently fully implemented prior to the occupation of this site.

Reason: To ensure that any contamination affecting the site is dealt with in a manner that safeguards human health, the built and natural environment and controlled waters.

6. The development hereby approved shall be carried out in accordance with the recommendations and noise mitigation measures set out in the submitted Noise Impact Assessment by Philip Acoustics Ltd dated May 2023.

Reason: To ensure satisfactory living conditions and to comply with Policy D3 of the North Herts Local Plan 2011 - 2031.

7. Prior to occupation full details (in the form of scaled plans and / or written specifications) shall be submitted to and approved in writing by the Local Planning Authority to illustrate the following:
i) Two "Pedestrians in road ahead" signs to be located 30 metres one number each side of the development entrance.

Reason: To ensure suitable, safe and satisfactory planning and development of the site in accordance with Policy 5 of Hertfordshire's Local Transport Plan (adopted 2018).

8. Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 2015 as amended no development as set out in Classes A, B, C and E of Part 1 of Schedule 2 to the Order, (or any subsequent Statutory Instrument which revokes, amends and/or replaces those provisions) shall be carried out without first obtaining a specific planning permission from the Local Planning Authority.

Reason: Given the nature of this development, the Local Planning Authority considers that development which would normally be "permitted development" should be retained within planning control in the interests of the character and amenities of the area and to comply with Policy D1 and/or Policy D3 of the North Hertfordshire Local Plan 2011 to 2031.

Proactive Statement:

Planning permission has been granted for this proposal. Discussion with the applicant to seek an acceptable solution was not necessary in this instance. The Council has therefore acted proactively in line with the requirements of the Framework (paragraph 38) and in accordance with the Town and Country Planning (Development Management Procedure) (England) Order 2015.

Informative/s:

Highway Informatives:

AN1) Storage of materials: The applicant is advised that the storage of materials associated with the construction of this development should be provided within the site on land which is not public highway, and the use of such areas must not interfere with the public highway. If this is not possible, authorisation should be sought from the Highway Authority before construction works commence.

Further information is available via the County Council website at:

<https://www.hertfordshire.gov.uk/services/highways-roads-and-pavements/business-and-developer-information/business-licences/business-licences.aspx> or by telephoning 0300 1234047.

AN2) Obstruction of highway: It is an offence under section 137 of the Highways Act 1980 for any person, without lawful authority or excuse, in any way to wilfully obstruct the free passage along a highway or public right of way. If this development is likely to result in the public highway or public right of way network becoming routinely blocked (fully or partly) the applicant must contact the Highway Authority to obtain their permission and requirements before construction works commence. Further information is available via the County Council website at:

<https://www.hertfordshire.gov.uk/services/highways-roads-and-pavements/business-and-developer-information/business-licences/business-licences.aspx> or by telephoning 0300 1234047.

AN3) Construction Management Plan (CMP): The purpose of the CMP is to help developers minimise construction impacts and relates to all construction activity both on and off site that impacts on the wider environment. It is intended to be a live document whereby different stages will be completed and submitted for application as the development progresses. A completed and signed CMP must address the way in which any impacts associated with the proposed works, and any cumulative impacts of other nearby construction sites will be mitigated and managed. The level of detail required in a CMP will depend on the scale and nature of development.

The CMP would need to include elements of the Construction Logistics and Community Safety (CLOCS) standards as set out in our Construction Management template, a copy of which is available on the County Council's website at:

<https://www.hertfordshire.gov.uk/services/highways-roads-and-pavements/business-and-developer-information/development-management/highways-development-management.aspx>

AN4) Debris and deposits on the highway: It is an offence under section 148 of the Highways Act 1980 to deposit compost, dung or other material for dressing land,

or any rubbish on a made-up carriageway, or any or other debris on a highway to the interruption of any highway user. Section 149 of the same Act gives the Highway Authority powers to remove such material at the expense of the party responsible. Therefore, best practical means shall be taken at all times to ensure that all vehicles leaving the site during construction of the development and use thereafter are in a condition such as not to emit dust or deposit mud, slurry or other debris on the highway. Further information is available by telephoning 0300 1234047.

NOTES

- 1 **Failure to satisfy conditions may invalidate this permission and/or result in enforcement action. Particular attention should be paid to the requirements of any condition in bold.**
- 2 Applicants will need to pay a compliance fee where they request confirmation in writing of any planning consent, agreement or approval (commonly known as discharge of conditions) required by one or more conditions or limitations attached to a grant of planning permission.
- 3 The fee is £145 per request or £43 where the permission relates to an extension or alteration to a dwellinghouse or other development in the curtilage of the dwellinghouse.

The request can be informal through the submission of a letter or plans, or formal through the completion of an application form and the submission of plans. Any number of conditions may be included on a single request. The form is available via the Council's website:
www.north-herts.gov.uk/home/planning/planning-applications/submit-planning-application

- 4 If the development hereby permitted is one that will require a new postal address/es then please contact the Council's **street naming and numbering service** on 01462 474431 or email SNN@north-herts.gov.uk who will advise you on how to apply for the new address/es.

Any proposed sales and/or marketing name to be adopted by the developer should be forwarded to the **street naming and numbering service**, prior to any publication of the site details and sales information.

- 5 If you are aggrieved by the decision of your local planning authority (LPA) to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.

If you want to appeal against your local planning authority's decision then you must do so within 6 months of the date of this notice.

However, if an enforcement notice has been served for the same or very similar development the time limit is 28 days from the date of the LPA decision or 28 days from the date the enforcement notice was served.

Appeals can be made online at: <https://www.gov.uk/appeal-planning-decision>

If you are unable to access the online appeal form, please contact the Planning Inspectorate to obtain a paper copy of the appeal form on tel: 0303 444 5000.

The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.

The Secretary of State need not consider an appeal if it seems to him that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.

In practice, the Secretary of State does not refuse to consider appeals solely because the local planning authority based their decision on a direction given by him.

6 **Purchase Notices**

If either the local planning authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances, the owner may serve a purchase notice on the Council (District Council, London Borough Council or Common Council of the City of London) in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.

- 7 The District Council and County Highway Authority wish to ensure that, in the implementation of the development, hereby approved, the highway verge adjacent to the property is not damaged or does not become unsightly due to the stationing of skips, parking of vehicles, storing of building materials etc thereon. Your attention is, therefore, drawn to the provisions of Section 131 of the Highways Act 1980 and to the Hertfordshire County Council Bylaws 1955 (specifically relating to grass margins and verges in Letchworth Garden City) by virtue of which such actions, unless authorised by the prior grant of a licence, constitute a prosecutable offence. Persons responsible for undertaking the development and any associated works are, therefore, strongly encouraged to take appropriate steps to ensure that no breach of the said legislation occurs during the course of such activities. In the event of any damage being caused it will be expected that suitable reinstatement is undertaken upon completion of the development. Failure to do so could also result in legal action being pursued. To obtain information regarding the issue of licences, contact Hertfordshire Highways, Hertfordshire County Council, County Hall, Pegs Lane, Hertford, SG138DQ or telephone 0300 1234 047.

8 **Cadent Gas Informative:**

Cadent Gas own and operate the gas infrastructure within the area of your development. Contact our Plant Protection Team for approval before carrying out any works on site and ensuring requirements are adhered to. Email plantprotection@cadentgas.com Alternatively you can register on www.beforeyoudig.cadentgas.com This service is free of charge.

THIS PLANNING PERMISSION DOES NOT CONSTITUTE APPROVAL UNDER BUILDING REGULATIONS AND IS NOT A LISTED BUILDING CONSENT OR CONSERVATION AREA CONSENT. IT DOES NOT CONVEY ANY APPROVAL OR CONSENT WHICH MAY BE REQUIRED UNDER ANY ENACTMENT, BYELAW, ORDER OR REGULATION OTHER THAN SECTION 57 OF THE TOWN AND COUNTRY PLANNING ACT 1990.
