

ANGUS THOMPSON

Landscape Design Statement | pt 3

Walled Garden / Dower House

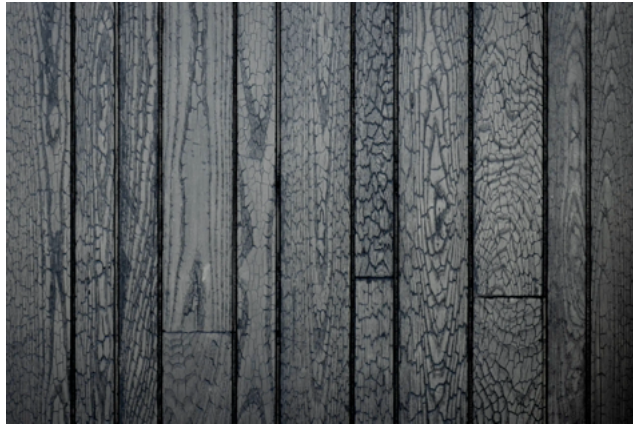

July '24

ANGUS THOMPSON

Chalk Long Brick

Charred Timber used in house facade
and garden highlights eg bench

Framed lawn / pale
gravel

Pale stone terrace eg Purbeck

The hard landscape materials palette repeat the chalky long brick for retaining, vertical features such as low walls and pool edges.
The paving and wide steps will be a pale stone such as purbeck. The pathways will be self-binding aggregate and assist draining of the gardens.
The steps will feature a lightly rubbed nosing.

HARD LANDSCAPING MATERIALS

Retaining walls & swimming pool
/ Chalk long brick

Pool deck

Gravel by poolside 'Zen' garden

Veg Garden

Introduce some freestanding trees to balance the wall-trained specimens

- Pyrus communis OR Pyrus Chanticleer - freestanding
- Malus domestica 'Discovery' Freestanding, self-pollinating, near the beehive area
- Pleached and fan-trained fruit against the walls
- Pears, Apple, Plum

Corner of Wall Beyond Beehives
Sophora japonica - to balance with driveway specimen occupies the corner slot
Rosa gallica officinalis (The Apothacarey's Rose) As a transitional planting to complement the grass bank.

Veg beds/ Raised

Wall climbers / Roses and lavender for Bees

CLIMBERS & SHRUBS

- Wall trained Roses near Veg Garden & Bees
Creams, Soft Yellows, Apricots eg:
- Rosa Goldfinch
