

MATERIAL LEGEND

- CTC Charred Timber Cladding
- GBS Glazed Balustrades
- GSD Glazed Sliding Doors with metal frame in dark grey colour
- LFB Long Format Brickwork in pale cream/chalk colour
- MFW Metal Framed Window with frame in dark grey colour
- PMC Pressed Metal Coping to roof in dark grey colour

The section drawing shows a building with a flat roof and a series of rooms. The ground level is indicated by a dashed line. The building is situated on a sloping site, with a retaining wall on the left. The building has a series of rooms, including a Pump Room, Lower Ground Garaging, and an Arrival Courtyard. The building is surrounded by trees and landscaping. The drawing includes labels for various components, such as CTC, LFB, GSD, MFW, and PMC. The drawing also includes a material legend and a section line A-B-C.

This architectural section drawing illustrates a long, low-profile building with a flat roof. The building is divided into several functional zones. On the left, a 'CINEMA' room is shown with a screen and seating. Adjacent to it is a 'CIRCULATION' area featuring a staircase. The central part of the building contains a 'WC' (restroom) and a 'PANTRY'. To the right of the pantry is an 'ENTRANCE HALL' with a curved staircase leading down. Further right is an 'ENTRANCE' area. The rightmost section of the building is a 'COVERED PARKING' area with a car parked, and a 'POOL' area with a 'POOL PLANT' and 'CTC' (likely a control room or equipment area). The building is situated on a sloping site, with a textured ground surface shown in the foreground. Trees and landscaping are visible around the building.
