Listing Details

Barn and stable adjoining on W, now a house. C17 altered in 1980s to a house. Timber framed on red brick sills, with frame exposed with red brick infill panels, rear roughcast. Stable red brick at rear. Steep old red tile roofs. A tall 3-bays barn backing onto road and facing S into courtyard, with projecting gabled porch in middle, and lower single-storey former stable extending to W up to gatehouse. Jowled posts, full-height studs, long straight tension braces, clasped-purlin roof with 2 purlins to each slope carried on 2 collars at the gables. Casement windows, 2 gabled dormers and chimney in rear roofslope. Part of courtyard of outbuildings of Ickleford Manor burned down in 1911. Part of picturesque courtyard group. Included for group value. (taken from Historic England Listing description)

80/01763/1 – Side extension approved Nov 1980

Access from turnpike lane

Existing S Elevation

Proposal

Changes include a removal of a garage door replacing with a door and window to match the existing. Timber external framework continued across the façade of the existing non-original garage to make more in keeping with the existing elevations of the original house. Addition of 4 new conservation rooflights to bring light into the back of the space.

Proposed Elevations
