Dear Sirs

RE: NEW PLANNING APPLICATION, THE WHITE HORSE,
KIMPTON.

Though I am not a resident of Kimpton, I visit constantly, and most of my social and cultural life takes place there. I am a member of Kimpton History Group and of the branch of Proboscis there.

I am keenly aware of the widespread vehement opposition to the new planning application regarding the premises and wish to add my own objection.

I enclose a copy of the widespread leaflet in circulation.

I am not "digitally enabled", as the phrase has it, so am visiting Letchworth to deliver this by hand. I cannot rely on the postal service to deliver this in time.

Yours faithfully
