Front Elevation

Left Hand Side Elevation

Right Hand Side Elevation

Plan

Larch Cladding

Felt Roof

- Shed Details:
- Slot-in Bike Shed for 4 bikes.
 - Sourced from brightonbikesheds.co.uk
 - Clad with treated Larch battens.
 - Felt pent roof.

Notes:
All dimensions must be checked on site
by contractor before commencing work.

This drawing should not be scaled. Dimensions to be verified on site. Any discrepancies should be referred to the Designer prior to work being started. The drawing is the property of the designer and is issued on the condition that it is not copied, reproduced, retained or disclosed to any unauthorised person, either wholly or in part without consent.

Setting Out & Construction
Provide and use suitable instruments for accurately setting out the Works. Make these instruments available to the Contract Administrator if requested for purposes of checking.

Clearly define all boundaries between different elements of the design and inform Designer that setting out is ready for inspection before starting any subsequent construction or planting work.

Ensure that any groundworks comply with BS 4428 Code of Practice for general landscape operations and BS 8000-1 clause 3.1 - 3.3 for excavation and filling.

Ensure that any site clearance is removed to an authorised tip all vegetation which is not to be retained, stones larger than 60mm, concrete, brick, tile, metal, timber and any other unwanted material not shown as retained on the drawings or specified for retention or appropriate for reuse in the Works.

Ensure that materials are segregated for recycling whenever appropriate.
