District ref: 24/01907/RM
HCC ref: NH/22270/2024
HCC received: 11 September 2024
Area manager: Manjinder Sehmi
Case officer: Paul Marshall

Location

Greenleas, Bygrave Road, Baldock, Hertfordshire, SG7 5DS

Application type

Reserved Matters

Proposal

Reserved Matters : Reserved Matters application for approval of appearance, landscaping, layout and scale for outline permission 23/02113/OP granted 02.11.2023 for two detached dwellings with associated vehicular access and proposed parking area

Recommendation

Notice is given under article 22 of the Town and Country Planning (Development Management Procedure) (England) Order 2015 that Hertfordshire County Council as Highway Authority does not wish to restrict the grant of permission subject to the following conditions:

CONDITIONS

CON1) Prior to the first occupation of the development hereby permitted a visibility splay shall be provided in full accordance with the details indicated on the approved drawing number (PL03) The splay shall thereafter be retained at all times free from any obstruction between 600mm and 2m above the level of the adjacent highway carriageway.

Reason: To ensure that the level of visibility for pedestrians, cyclists and vehicles is satisfactory in the interests of highway safety in accordance with Policy 5 of Hertfordshire's Local Transport Plan (adopted 2018).

CON2) Prior to the commencement of the development hereby permitted a plan should be submitted which shows vehicle parking details (2.5 x 5.0 meters in accordance with the HCC's Place &

Movement Planning Design Guidance (P&MPDG-2023) and approved in writing by the Local Planning Authority. Prior to first occupation the approved scheme shall be fully implemented and thereafter retained for this purpose.

Reason: To ensure the provision of adequate cycle and vehicle parking that meets the needs of occupiers of the proposed development and in the interests of encouraging the use of sustainable modes of transport in accordance with Policies 1, 5 and 8 of Hertfordshire's Local Transport Plan (adopted 2018)

CON3) No development shall commence until a Construction Method Statement has been submitted to and approved in writing by the Local Planning Authority, including elements of the CLOCS standards as set out in the Highway Authority's Construction Management template. Thereafter the construction of the development shall only be carried out in accordance with the approved Plan: The Construction Management Statement shall include details of:

Access arrangements to the site.

Traffic management requirements.

Construction and storage compounds (including areas designated for car parking, loading / unloading and turning areas).

Siting and details of wheel washing facilities.

Cleaning of site entrances, site tracks and the adjacent public highway.

Timing of construction activities (including delivery times and removal of waste) and to avoid school pick up/drop off times.

Provision of sufficient on-site parking prior to commencement of construction activities.

Post construction restoration/reinstatement of the working areas and temporary access to the public highway.

Where works cannot be contained wholly within the site a plan should be submitted showing the site layout on the highway including extent of hoarding which must be kept within the site boundary, pedestrian routes and remaining road width for vehicle movements.

Reason: In order to protect highway safety and the amenity of other users of the public highway and rights of way in accordance with Policies 5, 12, 17 and 22 of Hertfordshire's Local Transport Plan (adopted 2018).

HCC as Highway Authority recommends inclusion of the following Advisory Note (AN) to ensure that any works within the highway are carried out in accordance with the provisions of the Highway Act 1980.

INFORMATIVES

AN1) Storage of materials: The applicant is advised that the storage of materials associated with the construction of this development should be provided within the site on land which is not public highway, and the use of such areas must not interfere with the public highway. If this is not possible, authorisation should be sought from the Highway Authority before construction works commence.

Further information is available via the County Council website at:

<https://www.hertfordshire.gov.uk/services/highways-roads-and-pavements/business-and-developer-information/business-licences/business-licences.aspx> or by telephoning 0300 1234047.

AN2) Obstruction of highway: It is an offence under section 137 of the Highways Act 1980 for any person, without lawful authority or excuse, in any way to wilfully obstruct the free passage along a highway or public right of way. If this development is likely to result in the public highway or public right of way network becoming routinely blocked (fully or partly) the applicant must contact the

Highway Authority to obtain their permission and requirements before construction works commence. Further information is available via the County Council website at: <https://www.hertfordshire.gov.uk/services/highways-roads-and-pavements/business-and-developer-information/business-licences/business-licences.aspx> or by telephoning 0300 1234047.

AN3) Works within the highway (section 278): The applicant is advised that in order to comply with this permission it will be necessary for the developer of the site to enter into an agreement with Hertfordshire County Council as Highway Authority under Section 278 of the Highways Act 1980 to ensure the satisfactory completion of the access and associated road improvements. The construction of such works must be undertaken to the satisfaction and specification of the Highway Authority, and by a contractor who is authorised to work in the public highway. Before works commence the applicant will need to apply to the Highway Authority to obtain their permission and requirements. Further information is available via the County Council website at: <https://www.hertfordshire.gov.uk/services/highways-roads-and-pavements/business-and-developer-information/development-management/highways-development-management.aspx> or by telephoning 0300 1234047.

COMMENTS

The proposals are for a Reserved Matters application for approval of appearance, landscaping, layout and scale for outline permission 23/02113/OP granted 02.11.2023 for two detached dwellings with associated vehicular access and proposed parking area. Bygrave Road is maintainable by the highway authority and is classified and provides a local access function in the road hierarchy. The vehicle speeds past this site are limited to 40 mph. There have been no recorded accidents near the site in a rolling 5-year period.

Policy Review

:

The key documents used to assess the application are:

- Manual for Streets 2007
- National Planning Policy Framework (July 2021)
- Hertfordshire County Council's (HCC) Local Transport Plan-4 [2018-2031, May2018]
- Cycle Infrastructure Design DfT Local Transport Note 1/20 (July 2020)
- HCC's Place & Movement Planning Design Guidance (adopted in March 2024)

PLANNING HISTORY

The application site has previous planning history.

DRAWINGS

The Highway Authority note the submission of materials in support of the planning application, including drawing numbers: 23226-PL01 - Site location plan, 23226-PL02 - Existing site plan, 23226-PL03A - Site plan, 23226-PL05 - Proposed access plan, and Design & Access Statement.

PARKING

Cycle

'Cycle Infrastructure Design' DfT Local Transport Note 1/20 (July 2020) recommends for cycle parking storage should be 2m (1.8m is acceptable) in length by 0.3m space between cycles. There

should be parking for 1 cycle per dwelling. Outside cycle parking should be covered and lockable. The provision of well-located, safe and secure cycle parking for residents and visitors is a key factor in encouraging people to cycle as an alternative to using the private car. This is adequately demonstrated in the D&A Statement Section 4.1 Parking and Bicycle Storage.

Vehicle

The submitted D&A Statement demonstrates that 6 car parking bays will be provided measuring 4.8m x 2.4m. It appears that parking dimensions are substandard in the context of HCC's Place & Movement Planning Design Guidance (adopted in March 2024) which recommends parking bays should 5mx 2.5m. Therefore, the applicant is advised to submit details for parking as discussed in the Condition 2.

ACCESS

The proposed access will serve both dwellings. As there is no footway fronting the site a section 278 will be required. Please see Informative 3

VISIBILITY

Vehicular

Drawing PL03 illustrates a visibility splay of 2.4 x 70 meters which accords with the principles found in Hertfordshire's Place & Movement Planning Design Guide Part 4 Chapter 6 section 18.1, page 70. Please see condition 1

EMERGENCY ACCESS

The nature of the site puts the proposals / access within 45 meters from the public highway (As required in accordance with MfS 6.7.2)

REFUSE / RECYCLING

The proposals for recycling bin storage must be in line with Manual for Streets MfS 6.8.9 residents should not be required to carry waste more than 30m and be within 25m of the kerbside/bin collection point.

CONSTRUCTION MANAGEMENT STATEMENT CMS

It is important that a CMS is provided considering the rural nature of Bygrave Road and the speed limit. The statement must have or be shown as a drawing of the construction site and the dedicated areas within. These should include but not limited to, construction parking area, wheel washing, and storage area. Please see Condition 3.

CONCLUSION

Should the LPA be minded to approve the application please note the above conditions and informatives. This level of development is unlikely to generate any extra movements which would ultimately lead to demonstrable harm to the highway network in terms of free flow and capacity, therefore; the highway authority would not wish to restrict the grant of planning permission.

Signed

Paul Marshall
