Dear Sir / Madam,

Adjoining Authorities Consultation : Installation and operation of a solar farm including co-located energy storage facilities, onsite substation, ancillary infrastructure and landscaping.

**NORTH HERTS DISTRICT COUNCIL : ADJACENT AUTHORITY : CONSULTEE ONLY
Land To The West Of The A507 Between Cottered And Cromer Hertfordshire SG9 9PU**

Thank you for consulting North Herts Council regarding the above. Apologies for the delay in replying. We have the following comments to make on the application.

We note that you have consulted the Highways Authority and that they will consider the impact of the proposed development on the operation of the highway network. We also assume you will consider the impact of the proposed development in the wider landscape.

I would like to draw to your attention that North Herts Council have received a request for an EIA screening opinion on a proposed development of a Battery Energy Storage System (BESS) and co-located solar farm, associated infrastructure, access, biodiversity enhancement and landscaping on the adjacent site, Land South of A507 at Westfield Common, Clothall Road (reference: 25/00446/SO). This can be viewed on the Council's website.

Yours faithfully

Shaun Greaves
Development and Conservation Manager
