Description of development: Certificate of lawful existing development for a car port and home office building that was completed over 4 years ago

The North Hertfordshire District Council, in pursuance of their powers under the above-mentioned Act and the associated Orders and Regulations, hereby CERTIFY that on the date of receipt of the application the matter described above in respect of the aforementioned land and edged in red on the plan would have been lawful within the meaning of Section 192 of the Town and Country Planning Act 1990 (as amended).

The reason for this determination is as follows :-

The evidence submitted within this application supports the view that, on the balance of probabilities, the detached car port/office building had been substantially completed by October 2020. In accordance with Section 171B of the Town and Country Planning Act 1990, and subject to the transitional arrangements set out under the Levelling Up and Regeneration Act 2023, no enforcement action can be taken upon a breach of planning control if a period of 4 years, depending on the breach, has surpassed from the date on which the operations were substantially

completed. Therefore, a certificate of lawfulness can be issued for the detached car port/office building.
