

Bat and Bird Nesting Boxes

Bat and Bird Nesting Boxes

As ecology is such an important part of new developments, Greenmaster have put together an enviable range of Bird and Bat Boxes supplied by the leading manufacturers. We can provide solutions to all requirements and can provide a full technical and scheduling service for these products.

Schwegler

For more than 65 years, Schwegler has been a major brand for bird protection and nature conservation products. Schwegler is famous worldwide for their unique wood-concrete material, which is 75% wood making it very durable and environmentally friendly.

Bird Brick Houses

A farming background and a passion for wildlife with long-standing building expertise have produced this integrated solution for incorporating nesting boxes into brick walls.

Bat and Bird Nesting Boxes

Ibstock

Ibstock have been making bricks for over 100 years and their current range of bat boxes helps to encourage safe habitats for these protected mammals. Available in all brick types, discreet and maintenance free.

Habibat

Manufactured to suit any existing brick or stonework finish, Habibats can be joined side by side to increase the roost space. This box is made to order and can be faced in brick to match your building or supplied unpainted.
