ARCHAEOLOGICAL IMPLICATIONS

Thank you for consulting us on the above application.

The applicant has submitted a report on an archaeological watching brief. In this instance the document is satisfactory. No significant heritage assets were revealed, and we do not recommend any further archaeological work is required.

We can now therefore recommend that Condition 7C can be fully discharged.

I hope that you will be able to accommodate the above recommendations.

Please do not hesitate to contact me should you require any further information or clarification.

Yours sincerely,

Andy Instone
