Hi Folks

Something exciting coming up at the end of April for all Jazz lovers! For my 70th party I bumped into a Jazz Pianist from Baldock who also brushed me up on some Clarinet playing I used to do. I did a solo of Stranger on the Shore for those that remember Acker Bilk! My piano player was very excited by the Grand Piano and stage I have in my barn and said he would love to put on a monthly Jazz night here at Poplars Farm. As before, all profits from tickets would go to local charities. All parking will be in my back field and the event closes at 11pm so there wont be any disruption. I hope that everyone gets behind this idea. (There wont be drunken teenagers at this one!🤔)

We have got James Pearson
who heads the house band at
Ronnie Scotts coming to the first
one who Marco my piano player
knows.

Please let me know if anyone
would like tickets which are
between £18 and £35. Capacity
is only about 100 so not loads of
cars coming and going.

I think tickets will go pretty
quickly when they go out. If
anyone has any concerns - please
let me know!

Cheers Lawrie Alderman

Ps I have NO plans to expand
this in my old age aside from a
monthly night just for fun. (Last
Friday of months)
