

Dear Planner,

I have one comment on the Application for Ippollitts **26/00006/FP**

Fig 2.3.4 of the Travel Plan is a photo of the south end of FP Ippollitts 15, near the SE corner of the site.

In the site layout [ViewDocument.pdf](#), it appears that the plan includes a desirable feature – a path leading to the NE corner of the site, presumably with the intent of giving access to FP 15. But I could find no mention in the text of any provision to join the estate footway to the FP 15. If there is no stated intent to provide such connection, I would hope that this becomes a condition of an approval.

Regards,

Anne Conchie
