

DELEGATED FILE NOTE

CASE OFFICER: ...Vicki Wood.....

**APPLICATION
REFERENCE**

**BRIEF DESCRIPTION OF
DEVELOPMENT**

APPLICATION SITE

26/00266/TCA

T1: Mulberry - Prune by 1m to retain
small framework of twig growth.

Mulberry Court
Upper King Street
Royston
Hertfordshire
SG8 9AZ

Submitted Plan Nos

1.0 Policies

1.0 **Planning Practice Guidance**

1.1 Tree Preservation Orders and Trees in Conservation Areas 2014

1.2 Hertfordshire County Council Tree and Woodland Strategy 2022–2030

1.3 North Hertfordshire Council Tree Strategy 2017

2.0 **Relevant Site History**

2.1 Various works granted to Mulberry tree, full planning history on file.

2.2 Most recent works having been granted under 25/00060/TCA for similar prune back works of 1.0 metre.

3.0 **Representations**

3.1 N/A

4.0 **Planning Considerations**

4.1 **Site and Surroundings**

4.1.1 Mulberry Court is located on the west side of Upper King Street and is within the Royston Conservation Area.

4.2 **Proposal**

4.2.1 Permission is sought to prune by 1.0 metre.

4.3 **Key Issues**

4.3.1 The key issues in determining this application are; the amenity value of the tree; the impact of the proposed work on the character and appearance of the Conservation Area; any justification for the proposed work and; whether, taking full account of the above, it would be expedient and in the public interest to make a Tree Preservation Order.

4.3.2 The tree is identified on the submitted plan where it can be seen to occupy a central position within a rear courtyard setting.

4.3.3 The position of the tree means that its growth and subsequent crown spread needs to be controlled in order to avoid any impact on natural light to the properties and outside space.

4.3.4 The tree has a degree of visibility from views in Princes Mews to the west with views from the east limited due to existing built form. The tree is valuable in the sense that it provides a visual break to the compact built form of the courtyard. Overall, the contribution the tree makes to the character and appearance of the Royston

Conservation Area has limited value. Notwithstanding this, the work to reduce the canopy of the tree is considered reasonable and justified in order to maintain its longer-term management.

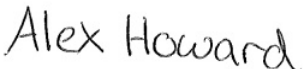

- 4.3.5 There would appear not to be any immediate threat to the tree and therefore there is no evidence to suggest further protection is needed by way of a Tree Preservation Order.

4.4 **Conclusion**

- 4.4.1 The proposed works to reduce the canopy of the tree would not harm the amenity value of the tree to a significant degree. As such, the work will not cause such harm to the character and appearance of the Royston Conservation Area as to overcome the justification for the work.

5.0 **Recommendation**

- 5.1 **NO OBJECTION** to the proposed work.
