- ☒ Yes
- ☐ No

If Yes, please give detailed description of all such operations (includes the need to describe any proposal to alter or create a new access, layout any new street, construct any associated hard-standings, means of enclosure or means of draining the land/buildings) and indicate on your plans (in the case of a proposed building the plan should indicate the precise siting and exact dimensions)

Loft conversion including rear dormer, two skylights to front, and removal of existing chimney.

Does the proposal consist of, or include, a change of use of the land or building(s)?

- ☐ Yes
- ☒ No

Has the proposal been started?

- ☐ Yes
- ☒ No

Grounds for Application

Information about the existing use(s)

Please explain why you consider the existing or last use of the land is lawful, or why you consider that any existing buildings, which it is proposed to alter or extend are lawful

The existing property is a lawful terrace dwelling that has been in continuous residential use. The proposed loft conversion related to an existing lawful dwelling and the property is not located in a conservation area or subject to an Article 4 Direction. The proposed loft conversion falls within the allowances of Class B and Class C of General Permitted Development Order, and therefore relates to a lawful existing dwellinghouse.

Please list the supporting documentary evidence (such as a planning permission) which accompanies this application

Select the use class that relates to the existing or last use.

C3 - Dwellinghouses

Information about the proposed use(s)

Select the use class that relates to the proposed use.

C3 - Dwellinghouses

Is the proposed operation or use

- ☒ Permanent
☐ Temporary

Why do you consider that a Lawful Development Certificate should be granted for this proposal?

The proposed loft conversion does not exceed the height of the highest part of the existing roof. It does not extend beyond the plane of any existing roof slope which forms the principal elevation. The proposed loft conversion would result in a volume increase of 39.07 cubic metres, which does not exceed the 40 cubic metres in the case of terrace dwellinghouses. It will be set back 440mm up the roof slope from the eaves, which meets the minimum requirement of 200mm, and it also does not overhang the outer face of the wall of the original house. It will be constructed in materials that are of similar appearance to those used on the exterior of the existing dwellinghouse. Any proposed skylight will not protrude from the roof slope by more than 150mm.

Site Visit

Can the site be seen from a public road, public footpath, bridleway or other public land?

- ☒ Yes
☐ No

If the planning authority needs to make an appointment to carry out a site visit, whom should they contact?

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- ☐ Yes
☒ No

Interest in the Land

Please state the applicant's interest in the land

- ☒ Owner
☐ Lessee
