Dear Sir / Madam,

**Consultaton - Statutory Undertakers : Installing, renewing and maintaining electricity equipment.
Land On The East Side Of, Heath Lane, Codicote, Hertfordshire, SG4 8WW**

I am writing in relation to the document received on 29th May 2025 outlining the UK Power Networks proposal for the installation of a substation adjacent to Heath Lane, Codicote.

I understand that the document is a notification only, and is not a request for pre-application advice, a planning application, or a request for a certificate of lawfulness. The form however states that the LPA should confirm whether an environmental impact assessment should be undertaken.

The Local Planning Authority acknowledge your intention to carry out works to the site.

Having considered the information provided, the Local Planning Authority raise no objections to the proposed works. However, please note that this is not a formal decision of the Council and it is recommended that you apply for a certificate of lawfulness if you would like a formal decision.

Yours faithfully

Shaun Greaves
Development and Conservation Manager
