

CAN BE SCALED FOR PLANNING PURPOSES ONLY
All dimensions to be verified on site

Diagram of the As-built West Elevation (1:100). The building features weatherboarding on the main wall and a felt box gutter. To the left, there is a timber garden shed and a timber fence. A site boundary line is shown as a vertical line to the left of the building.

As-built West Elevation (1:100)

Diagram of the As-built South Elevation (1:100). The building has a white pvcu window and weatherboarding. To the right, there is an outline of an existing outbuilding and existing upvc doors. An adjacent garage is shown to the right of the main building.

As-built South Elevation (1:100)

Diagram of the Approved West Elevation (1:100). The building features stained timber weatherboarding and render to match the house. A site boundary line is shown as a vertical line to the left of the building.

Approved West Elevation (1:100)

Diagram of the Approved South Elevation (1:100). The building has a white pvcu window and an outline of an existing outbuilding. To the right, there are white pvcu french doors, a boundary fence, and an adjacent garage.

Approved South Elevation (1:100)

Scale bar and north arrow. The scale bar shows 0, 1, 2, and 5 meters. The north arrow points upwards.

This drawing has been produced for Mr and Mrs Turner for the project/site named below and is submitted as part of a planning/permitted development application relating to this site name only and is not intended for use by any other person or organisation or for any other purpose.
