

DELEGATED FILE NOTE

CASE OFFICER: ...William Thompson.....

APPLICATION REFERENCE	BRIEF DESCRIPTION OF DEVELOPMENT	APPLICATION SITE
25/02444/FPH	Erection of detached pitched roof garden shed for use as storage to front garden.	6 The Drive Blackmore End St Albans Hertfordshire AL4 8LF

Submitted Plan Nos

Site Plan Shed Plan Location Plan Proposed Plans and Elevations

1.0 Policies

D1	Sustainable design
D2	House exts, replcmnt dwellings outbuild
D3	Protecting living conditions
T2	Parking
SECN12	Achieving well-designed places
SECN14	Meeting climate change,coastal,flooding

2.0 **Relevant Site History**

2.1 Multiple permissions granted to extend or alter the main dwelling.

3.0 **Representations**

3.1 **Neighbour Consultation** – None received

3.2 **Kimpton Parish Council** – No comments

4.0 **Planning Considerations**

4.1 **Site and Surroundings**

4.1.1 The application site accommodates a two-storey detached dwelling situated on Blackmore End, St Albans. The site benefits from a large plot, a driveway and a carport.

4.1.2 A variety of outbuildings exist in the immediate locality.

4.2 **Proposal**

4.2.1 Erection of detached pitched roof garden shed for use as storage to front garden.

4.3 Key Issues

4.3.1 The key issues for consideration are as follows:

- The acceptability of the design of the proposed development and its impact on the character and appearance of the area.
- The impact of the proposed development on the living conditions of neighbouring properties.
- Access and parking matters.
- The impact of the proposed development on the environment.

Design and Appearance:

4.3.2 Policy D1 of the Local Plan requires that development proposals respond positively to the site's local context. Policy D2 of the Local Plan requires extensions to houses and outbuildings to incorporate a design that is sympathetic to the main dwelling in terms of its scale, form and orientation and does not harm the character and appearance of the locality around the site. These policies are broadly consistent with Section 12 of the National Planning Policy Framework.

4.3.3 The proposed garden shed would be sited in the front garden behind the prominent hedgerow which fronts the highway. The proposed garden shed would have a width of 3.1m, a depth of 4.6m and have a dual pitched roof with an eaves height of 2.0m and a peak height of 3.0m. The proposed external materials are EPDM roof covering and Shiplap cladding for the walls.

4.3.4 In my view, the proposal is considered to be acceptable in terms of the material palette, massing, siting and roof design. The proposal would not cause harm to the character and appearance of the dwelling or streetscene. As such, the proposed development complies with Policy D1 and D2 of the NHLP and Section 12 of the NPPF.

Impact on Neighbouring Properties:

4.3.5 A core planning principle set out in the NPPF is to always seek to secure a good standard of amenity for all existing and future occupants of land and buildings. This principle is reflected in the provisions of Policy D3 of the NHLP.

4.3.6 Regarding neighbour amenity, given the siting, modest scale and screening from vegetation, it is not considered that the proposal would result in unacceptable harm to neighbour amenity in terms of over-dominance, shading or loss of privacy

4.3.7 This development is therefore considered to be in accordance with Policy D3 of the NHLP and Section 12 of the NPPF.

Highways and Parking:

- 4.3.8 The development does not include an increase in the number of bedrooms; therefore, regarding policy T2 of the NHLP, there would be no car parking issues arising from the development.

Environmental Implications

- 4.3.9 The proposed development is not large enough in scale to cause significant implications for the local environment in terms of carbon emissions and therefore would be generally in compliance with Section 14 of the NPPF.

Biodiversity Net Gain:

- 4.3.10 This is a form of development which is exempt from BNG Legislation, defined under article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order 2015 due it falling under the scope of the 'de minimis' exemption.

4.4 **Conclusion**

- 4.4.1 In the absence of material planning reasons to the contrary it is my view that planning permission is **GRANTED**.

4.5 **Alternative Options**

- 4.5.1 N/A

4.6 **Pre-Commencement Conditions**

- 4.6.1 N/A

5.0 **Recommendation**

- 5.1 That planning permission be **GRANTED** subject to the following conditions:

1. The development hereby permitted shall be begun before the expiration of 3 years from the date of this permission.

Reason: To comply with the provisions of Section 91 of the Town and Country Planning Act 1990 as amended by Section 51 of the Planning and Compulsory Purchase Act 2004.

2. The development hereby permitted shall be carried out wholly in accordance with the details specified in the application and supporting approved documents and plans listed above.

Reason: To ensure the development is carried out in accordance with details which form the basis of this grant of permission.

Proactive Statement:

Planning permission has been granted for this proposal. Discussion with the applicant to seek an acceptable solution was not necessary in this instance. The Council has therefore acted proactively in line with the requirements of the Framework (paragraph 38) and in accordance with the Town and Country Planning (Development Management Procedure) (England) Order 2015.
