Based on a TRICS assessment carried out by EAS, it is estimated that the proposals to develop 69 houses and apartments on site would generate circa 36 vehicle trips in both the AM and PM peak periods. This equates to a significant reduction of circa 280 vehicle trips in each of the network peak hours when related to the school operations at Princess Helena College.

* New **EIGHT-PITCH** natural grassed cricket square (or table), all eight pitches having an ECB senior cricket minimum boundary of 45.7m (50 yards).
