The proposed development is compliant with this criterion.

The proposed development is compliant with this criterion.

(f) subject to paragraph (g), the enlarged part of the dwellinghouse would have a single storey and—

(i) extend beyond the rear wall of the original dwellinghouse by more than 4 metres in the case of a detached dwellinghouse, or 3 metres in the case of any other dwellinghouse, or

(ii) exceed 4 metres in height;

The proposed development is compliant with this criterion.

(g) for a dwellinghouse not on article 2(3) land nor on a site of special scientific interest, the enlarged part of the dwellinghouse would have a single storey and—

(i) extend beyond the rear wall of the original dwellinghouse by more than 8 metres in the case of a detached dwellinghouse, or 6 metres in the case of any other dwellinghouse, or

(ii) exceed 4 metres in height;

The proposed development is compliant with this criterion.

(h) the enlarged part of the dwellinghouse would have more than a single storey and—

(i) extend beyond the rear wall of the original dwellinghouse by more than 3 metres, or

(ii) be within 7 metres of any boundary of the curtilage of the dwellinghouse opposite the rear wall of the dwellinghouse;

The proposed development is compliant with this criterion.

(i) the enlarged part of the dwellinghouse would be within 2 metres of the boundary of the curtilage of the dwellinghouse, and the height of the eaves of the enlarged part would exceed 3 metres;

The proposed development is compliant with this criterion.

(j) the enlarged part of the dwellinghouse would extend beyond a wall forming a side elevation of the original dwellinghouse, and would—

(i) exceed 4 metres in height,

(ii) have more than a single storey, or

(iii) have a width greater than half the width of the original dwellinghouse; or

The proposed development is compliant with this criterion.

(k) it would consist of or include—

The proposed development is compliant with this criterion.

A.2 In the case of a dwellinghouse on article 2(3) land, development is not permitted by Class A if—

(a) it would consist of or include the cladding of any part of the exterior of the dwellinghouse with stone, artificial stone, pebble dash, render, timber, plastic or tiles;

(b) the enlarged part of the dwellinghouse would extend beyond a wall forming a side elevation of the original dwellinghouse; or

(c) the enlarged part of the dwellinghouse would have more than a single storey and extend beyond the rear wall of the original dwellinghouse.

N/A as the proposed development is not within article 2(3) land.

Conditions

A.3 Development is permitted by Class A subject to the following conditions—

(a) the materials used in any exterior work (other than materials used in the construction of a conservatory) must be of a similar appearance to those used in the construction of the exterior of the existing dwellinghouse;

The application form confirms that the development would comply with Class A, and the materials shown on the proposed plans visually match the existing. The proposed development is compliant with this condition.

(b) any upper-floor window located in a wall or roof slope forming a side elevation of the dwellinghouse must be—

4.4 Conclusion

4.4.1 A Certificate of Lawfulness (proposed) can be issued on the basis that the proposed 'Single storey rear extension following demolition of existing conservatory' **would** constitute permitted development by virtue of Class A, Part 1 of Schedule 2 of the Town and Country Planning (General Permitted Development) (England) Order 2015 as amended.
