2.0 **Relevant Site History**

- 2.1 None relevant

3.0 **Representations**

- 3.1 **Letchworth Garden City Heritage Foundation** – None received.

4.0 **Planning Considerations**

4.1 **Site and Surroundings**

- 4.1.1 The application site is located on West View, Letchworth Garden City and is within the Letchworth Conservation Area.

4.2 **Proposal**

- 4.2.1 T1 & T2: Apple - Reduce by approx. 25-30% to suitable lateral growth points. T3: Pear - Remove dead limb and higher stem reduce in height to match the lower. T4: Holly - Reduce by approx. 30% in height. T4: Cherry Plum - Shorten lateral growth over the garden side to suitable lateral growth points.

4.3 **Key Issues**

- 4.3.1 The key issues in determining this application are: the amenity value of the trees; the impact of the proposed work on the character and appearance of the Conservation Area; any justification for the proposed work and, whether, taking full account of the above, it would be expedient and in the public interest to make a Tree Preservation Order.
- 4.3.2 The trees are identified on the submitted location plan and are located in the rear garden.
- 4.3.3 The trees are somewhat visible from the streetscene, so hold some amenity value. The works are remedial and are not considered to cause unacceptable harm to the character and appearance of the Conservation Area.
- 4.3.4 Due to the above reasons, I do not consider there a need to issue a Tree Preservation Order.

4.4 **Conclusion**

- 4.4.1 The proposed work to the trees would not cause such harm to the character and appearance of the Letchworth Conservation Area as to overcome the justification for the work.

5.0 **Recommendation**

5.1 **NO OBJECTION** to the proposed work.
