CASE OFFICER: ...William Thompson.....

APPLICATION REFERENCE	BRIEF DESCRIPTION OF DEVELOPMENT	APPLICATION SITE
24/02619/FPH	Single storey rear extension following demolition of existing conservatory. Single storey front extension and front porch canopy.	17 Dale Close Hitchin Hertfordshire SG4 9AS

Submitted Plan Nos

1808 01 C 1808 02 C

1.0 Policies

D1 Sustainable design

D2 House exts, replcmnt dwellings outbuild

D3 Protecting living conditions

T2 Parking

SECN12 Achieving well-designed places

SECN14 Meeting climate change,coastal,flooding

2.0 **Site History**

2.1 86/01355/1 - Erection of two storey front extension and detached double garage following demolition of existing garage and store.

Conditional Permission

89/00201/1 - Retention of rear and side conservatory extension following demolition of existing conservatory

Conditional Permission

90/00068/1 - Two storey link and playroom over existing garage.

Conditional Permission

3.0 **Representations**

3.1 **Neighbour Consultation** – None received.

4.0 **Planning Considerations**

4.1 **Site and Surroundings**

- 4.1.1 The site is a detached, two-storey dwelling on the north side of Dale Close in a residential part of Hitchin. The site has a large garden and driveway and is surrounded by hedgerow and fencing.

4.2 **Proposal**

- 4.2.1 Single storey rear extension following demolition of existing conservatory. Single storey front extension and front porch canopy.

4.3 **Key Issues**

- 4.3.1 The key issues for consideration are as follows:

- The acceptability of the design of the proposed development and its impact on the character and appearance of the area.
- The impact of the proposed development on the living conditions of neighbouring properties.
- Access and parking matters.
- The impact of the proposed development on the environment.

Design

- 4.3.2 Policy D1 of the Local Plan requires that development proposals respond positively to the site's local context, retain existing vegetation and minimise the visual impact of street furniture and parking provision. Policy D2 of the Local Plan requires extensions to houses to incorporate design that is sympathetic to the main dwelling in terms of its scale, form and orientation and does not harm the character and appearance of the locality around the site. These policies are broadly consistent with Section 12 of the National Planning Policy Framework.
- 4.3.3 The proposed single storey western elevation extension would have a width of 4.8m, extend a depth of 3.6m from the wall, have a double pitched roof with an eaves height of 2.4m and a peak height of 4.3m. Thus, resulting in a similar sized extension to the existing conservatory. The proposed western extension includes 2no. rooflights. The external materials would consist of smooth render on the walls to match the existing

north west element, concrete plain tiles on the roof to match existing and dark grey aluminium windows, bi-fold and French doors.

- 4.3.4 The proposed front porch would match the south most wall in depth and extend 1.6m to the east, remaining set back from the east most wall of the southern section of the dwelling. The canopy would have a maximum height of 3.6m, extend 1.4m from the south most wall of the house and extend 2.0m from the side elevation wall. The external material would include smooth render for the walls to match the other proposed extension and existing south west element, concrete plain tiles for the roof to match existing, a dark grey composite door and dark grey aluminium windows.
- 4.3.5 In my view, the scale of the proposed extensions would be a sympathetic addition to the dwelling and would not be considered disproportionate. The proposed roof form and materials are considered sympathetic to the dwelling and wider street scene and would not result in an adverse effect on the character of the dwelling.
- 4.3.6 This is considered to be in line with Section 12 of the National Planning Policy Framework and Policies D1, D2 and D3 of the Local Plan.

Impact on Neighbours

- 4.3.7 A core planning principle set out in the NPPF is to always seek to secure a good standard of amenity for all existing and future occupants of land and buildings. This principle is reflected in the provisions of Policy D3 of the NHLP.
- 4.3.8 As the dwelling is well surrounded by hedgerow and fencing and is well set in from the western boundary line, the view of the proposed western extension would be limited. The front porch and canopy would be visible from the streetscene but are well set back. There are other examples of front porch canopies and smooth render on the streetscene.
- 4.3.9 This development is therefore considered to be in accordance with Policy D3 of the NHLP and Section 12 of the NPPF.

Highways and Parking:

- 4.3.10 The proposal does not include an increase in the number of bedrooms. Therefore, with regard to Policy T2 of the NHLP, there would be no car parking issues arising from the development.

Environmental Implications

4.3.11 The proposed development would be consistent with the criteria set out in Policy D1 of the NHLP '*Sustainable Design*'. There are no other significant environmental implications as a result of the proposed development.

Biodiversity Net Gain:

4.3.12 This is a form of development which is exempt from BNG Legislation, defined under article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order 2015 due it falling under the scope of the 'de minimis' exemption.

4.4 **Conclusion**

4.4.1 The proposed development is considered acceptable and in accordance Policies D1, D2, D3, T2 of the NHLP 2011-2031 and Sections 12 and 14 of the NPPF.

4.5 **Alternative Options**

4.5.1 None.

4.6 **Pre-Commencement Conditions**

4.6.1 None.

5.0 **Recommendation**

5.1 That planning permission be **GRANTED** subject to the following conditions

1. The development hereby permitted shall be begun before the expiration of 3 years from the date of this permission.

Reason: To comply with the provisions of Section 91 of the Town and Country Planning Act 1990 as amended by Section 51 of the Planning and Compulsory Purchase Act 2004.

2. The development hereby permitted shall be carried out wholly in accordance with the details specified in the application and supporting approved documents and plans listed above.

Reason: To ensure the development is carried out in accordance with details which form the basis of this grant of permission.

Proactive Statement:

Planning permission has been granted for this proposal. Discussion with the applicant to seek an acceptable solution was not necessary in this instance. The Council has therefore acted proactively in line with the requirements of the Framework (paragraph 38) and in accordance with the Town and Country Planning (Development Management Procedure) (England) Order 2015.
