Policy HE1 – Designated heritage assets

2.0 **Relevant Site History**

- 2.1 21/02139/FPH - Erection of single storey rear extension and associated works. (Amended plans received 08/08/21). Conditional Permission.

3.0 **Representations**

- 3.1 **Press, Site and Neighbour Consultation** – None received.

- 3.2 **LGCHF** – None received.

4.0 **Planning Considerations**

4.1 **Site and Surroundings**

- 4.1.1 The site lies on the north side of Broughton Hill and comprises of a mid-terrace two-storey residential dwelling of a typical Garden City design of its time and is within the Letchworth Conservation Area.

- 4.1.2 The application site is within the settlement boundary for Letchworth where development is generally acceptable subject to policy requirements.

4.2 **Proposal**

- 4.2.1 Erection of single storey rear extension and associated works (renewal of previously approved planning permission 21/02139/FPH granted 13.09.2021)

4.3 **Key Issues**

- 4.3.1 The key issues for consideration are as follows:

- The acceptability of the design of the proposed development and its resultant impact on the character and appearance of the Conservation Area.
- The impact that the proposed development would have on the living conditions of neighbouring properties.
- The impact that the proposed development would have on car parking provision in the area.
- The impact that the proposed development would have on the environment.

Design

- 4.3.2 The objectives of the National Planning Policy Framework (NPPF) include those seeking to secure the creation of high quality, beautiful and sustainable buildings and places (Section 12 – Achieving well-designed places). Paragraph 131 of the NPPF states that *“Good design is a key aspect of sustainable development, creates better places in which to live and work and helps make development acceptable to communities”*. In this regard, Policy D1 and D2 of the Local Plan are consistent with the objectives set out within the NPPF.
- 4.3.3 The proposed extension would comprise of a minor addition to the rear elevation of the existing dwelling including the blocking up of an existing doorway. The development would be of a suitable scale, size and design that would be sympathetic to that of the existing dwelling. The extension would not be visible from the streetscene and therefore no harm would arise in terms of visual amenity. I am satisfied that the proposed development is in accordance with Policies D1 and D2 of the Local Plan and Section 12 of the NPPF.

Impact on Heritage Assets

- 4.3.4 Within a Conservation Area, the Council has a duty to pay special attention to the desirability of preserving or enhancing the character or appearance of that area, in accordance with Section 72 of the Listed Building and Conservation Areas Act (1990). Furthermore, Section 16 of the NPPF sets out guidance relating to sustaining and enhancing heritage assets. In this regard, Policy HE1 of the Local Plan is consistent with the NPPF.
- 4.3.5 When considering the impact of proposed development on the significance of a designated heritage asset (such as a Conservation Area), the NPPF notes that great weight should be given to the asset’s conservation; the more important the asset, the greater the weight should be.

- 4.3.6 The proposed development would not have any significant impact on the character and appearance of the conservation area. The proposed design and materials are considered sympathetic to the locality and to the conservation area and there would not be any harm to the heritage significance of the conservation area.
- 4.3.7 I am satisfied that the development is acceptable and in accordance with Policy HE1 of the Local Plan and Section 16 of the NPPF.

Impact on Neighbouring Properties:

- 4.3.8 A core planning principle set out in the NPPF is to always seek to secure a good standard of amenity for all existing and future occupants of land and buildings. This principle is reflected in the provisions of Policy D3 of the Local Plan.
- 4.3.9 No objections have been received. Due to the position, size and minor scale of the proposed development, no significant harm would arise in terms of impact to existing residential amenity. I am satisfied that the proposed development is in accordance with Policy D3 of the Local Plan and Section 12 of the NPPF.

Highways and Parking:

- 4.3.10 The proposed development does not impact on highway safety nor seek to increase on-street parking.

Biodiversity Net Gain (BNG)

- 4.3.11 This is a householder application which is exempt from BNG legislation defined under article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order 2015.

Environmental Implications:

- 4.3.12 Section 14 of the NPPF sets out how the planning system should support the transition to a low carbon future. The principles set out in Section 14 are reflected in Policy D1 of the Local Plan, which sets out that development proposals should take all reasonable opportunities to reduce energy consumption and waste, retain existing vegetation and propose new appropriate planting, and future proof for changes in technology and lifestyle.
- 4.3.13 In my view, the proposed development would be unlikely to have any significant implications for the local environment in terms of carbon emissions and therefore would be generally in accordance with Policy D1 of the Local Plan and Section 14 of the NPPF.

4.4 Conclusion

- 4.4.1 The proposed development is considered acceptable and in accordance with Policies SP1, SP2, SP9, SP13, D1, D2, D3 and HE1 of the Local Plan 2011-2031 and Sections 2, 12, 14 and 16 of the NPPF.

4.5 Alternative Options

4.6.1 N/A

5.0 **Recommendation**

5.1 That planning permission be **GRANTED** subject to the following conditions:

1. The development hereby permitted shall be begun before the expiration of 3 years from the date of this permission.

Reason: To comply with the provisions of Section 91 of the Town and Country Planning Act 1990 as amended by Section 51 of the Planning and Compulsory Purchase Act 2004.

2. The development hereby permitted shall be carried out wholly in accordance with the details specified in the application and supporting approved documents and plans listed above.

Reason: To ensure the development is carried out in accordance with details which form the basis of this grant of permission.

3. The extension hereby permitted shall be built in external materials to match the existing dwellinghouse unless otherwise agreed in writing by the Local Planning Authority.

Reason: To protect the visual amenities of the locality and to comply with Policies D1 and D2 of the North Hertfordshire Local Plan 2011 to 2031.

Proactive Statement:

Planning permission has been granted for this proposal. Discussion with the applicant to seek an acceptable solution was not necessary in this instance. The Council has therefore acted proactively in line with the requirements of the Framework (paragraph 38) and in accordance with the Town and Country Planning (Development Management Procedure) (England) Order 2015.
