Dear Sir / Madam,

Consultation - Statutory Undertakers: Installation of underground cable along the alignment shown in red on the enclosed plan. To connect two existing overhead lines via this underground cable, two new in-line poles will be required, as marked in blue on the plan.

Village Feeder, Reed To Royston, Hertfordshire, SG8 9NB

I note the letter sent to the Council Planning Department received on 3rd October 2025.

The letter gives notification of the intention to install underground cables to connect two existing overhead lines, including two new in line poles, and requests comments or queries from the LPA.

I confirm that the Local Planning Authority has no objection to this proposal.

Yours faithfully

Shaun Greaves
Development and Conservation Manager
