

Heritage Statement

We propose painting the upper shopfront to match the lower shopfront for the following reasons:

1. Preservation: The paint will help protect the wood from decay.
2. Aesthetic Harmony:
 - The chosen "Thunder Clouds" grey colour will enhance the building's character.
 - It will blend with other windows in the street, which range from black to white.
 - The colour matches existing lead flashing on the building.
3. Scope: Only the wooden upper shopfront will be painted, not the entire building.
4. Maintenance: The grey colour will be less prone to visible dirt from traffic splashes compared to the current white.
5. Street Compatibility: The proposed colour will complement other buildings in the street, including several Grade II listed buildings with similar grey shopfronts nearby.

Early C19 front. Red brick, old tiled roof. 2 storeys, modillioned brick cornice, parapet with stone coping. Slight recess on right with elliptical carriage arch, 2:1 sash windows with glazing bars in reveals under cutter flat arches. Slightly altered original shop front with Doric pilasters, frieze, cornice.

Nos 1 to 6 (consec), Nos. 8 to 17 (consec), Nos 19 to 32 (consec) and Nos 35 to 40 (consec) form a group.
