

DELEGATED FILE NOTE

CASE OFFICER: ...Thomas Howe.....

APPLICATION REFERENCE	BRIEF DESCRIPTION OF DEVELOPMENT	APPLICATION SITE
24/02643/FPH	Insertion of side door and side gate following remove of existing gate.	19 Bowlers End Hitchin Hertfordshire SG5 2EA

Submitted Plan Nos

1818_01A

1.0 Policies

D1 Sustainable design

D2 House exts, replcmnt dwellings outbuild

D3 Protecting living conditions

T2 Parking

SECN12 Achieving well-designed places

SECN14 Meeting climate change,coastal,flooding

2.0 **Site History**

2.1 No relevant history.

3.0 **Representations**

3.1 **Neighbour Consultation** – 1x Support from No. 17 Bowlers End.

4.0 **Planning Considerations**

4.1 **Site and Surroundings**

4.1.1 No. 19 comprises a two-storey dwelling off Bowlers End, a residential road in Hitchin.

4.2 **Proposal**

4.2.1 Planning permission is sought for the insertion of a side door and side gate following the removal of an existing gate.

4.2.2 Materials of construction would comprise matching timber to the proposed gate, and a brown UPVC side door with matching brick surround.

4.3 **Key Issues**

4.3.1 The key issues for consideration are as follows:

- The acceptability of the design of the proposed development and its resultant impact on the character and appearance of the area.
- The impact that the proposed development would have on the living conditions of neighbouring properties.
- The impact that the proposed development would have on car parking provision in the area.
- The impact that the proposed development would have on the environment.

Design and Appearance:

- 4.3.2 Policy D1 of the Local Plan states that development will be granted provided the design of the development appropriately and positively responds to the site's local context together with other criteria to encourage a positive and sustainable form of development. Policy D2 of the Local Plan requires extensions to houses and the erection or replacement of buildings to incorporate design that is sympathetic to the main dwelling in terms of its scale, form and orientation and does not harm the character and appearance of the locality around the site. These policies are broadly consistent with Section 12 of the National Planning Policy Framework.
- 4.3.3 The proposed works be set to the side elevation of the dwelling and would be set back from view from the public realm associated with Bowlers End. Some views would be gained from the driveway shared with No. 17, however, given the modest nature of the proposals, together with their sympathetic appearance, I do not consider that the works would be harmful to or depart from local vernacular and character.
- 4.3.4 The proposed development is therefore considered to be in compliance with Policies D1 and D2 of the Local Plan and the core principles set out within Section 12 of the National Planning Policy Framework. The design and appearance are therefore acceptable.

Impact on Neighbouring Properties:

- 4.3.5 Policy D3 of the Local Plan permits development that does not result in unacceptable harm to the amenity of neighbouring occupiers and where necessary encourages the use of mitigation measures to reduce these impacts. This is generally reflected by the provisions within the National Planning Policy Framework.
- 4.3.6 No. 17 is immediately adjacent to the location of the proposed development. A fence is set to this shared boundary, and does not appear to benefit from a side window or door that would be unacceptably overlooked by the proposed doorway. The proposed gate would not result in unacceptable harm beyond the existing gate arrangement. 1x representation in support was received from No. 17.
- 4.3.7 Given the above, it is considered that the proposed development would result in no unacceptable detrimental impact upon neighbouring occupiers and is therefore compliant with Policy D3 of the local plan and the aims of the National Planning Policy Framework.

Highways and Parking:

- 4.3.8 The proposed development would be served by a minimum of two parking spaces that are off-street, therefore impacts to parking provision locally would not be harmful.

Environmental Implications:

- 4.3.9 The proposed development, by virtue of its limited scale in general terms together with the sustainable location would have no significant implications for the local environment in terms of carbon emissions and therefore would be generally in compliance with Section 14 of the NPPF.

Biodiversity Net Gain:

- 4.3.10 This is a householder application which is exempt from BNG Legislation defined under article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order 2015.

4.4 **Conclusion**

- 4.4.1 The proposed development is considered acceptable and is considered to comply with the necessary provisions of the Local Plan policies and the National Planning Policy Framework. Grant conditional permission.

4.5 **Alternative Options**

- 4.5.1 None applicable.

5.0 **Recommendation**

- 5.1 That planning permission be **GRANTED** subject to the following conditions:

1. The development hereby permitted shall be begun before the expiration of 3 years from the date of this permission.

Reason: To comply with the provisions of Section 91 of the Town and Country Planning Act 1990 as amended by Section 51 of the Planning and Compulsory Purchase Act 2004.

2. The development hereby permitted shall be carried out wholly in accordance with the details specified in the application and supporting approved documents and plans listed above.

Reason: To ensure the development is carried out in accordance with details which form the basis of this grant of permission.

Proactive Statement:

Planning permission has been granted for this proposal. Discussion with the applicant to seek an acceptable solution was not necessary in this instance. The Council has therefore acted proactively in line with the requirements of the Framework (paragraph 38) and in accordance with the Town and Country Planning (Development Management Procedure) (England) Order 2015.
