Memorial Hall Car Park

Memorial Hall Driveway - 11780 to Fire Escape Steps

Changes from existing Playhouse site plan:

1. Trees 1, 2, 3 & 5 trimmed back to minimise overhang
2. Tree 4 removed
3. Soakaway installed by Memorial Hall hedge with underground pipe connecting to gutter downpipe. Soakaway construction is 6 soakaway crates. The crates are 500 x 400 x 1000. The proposed soakaway is 2 crates laid end-to-end 3 deep.

Replacement Playhouse
