

1 AN) **Storage of materials:** The applicant is advised that the storage of materials associated with the construction of this development should be provided within the site on land which is not public highway, and the use of such areas must not interfere with the public highway. If this is not possible, authorisation should be sought from the Highway Authority before construction works commence. Further information is available via the County Council website at:

<https://www.hertfordshire.gov.uk/services/highways-roads-and-pavements/business-and-developer-information/business-licences/business-licences.aspx> or by telephoning 0300 1234047.

2 AN) **Obstruction of highway:** It is an offence under section 137 of the Highways Act 1980 for any person, without lawful authority or excuse, in any way to wilfully obstruct the free passage along a highway or public right of way. If this development is likely to result in the public highway or public right of way network becoming routinely blocked (fully or partly) the applicant must contact the Highway Authority to obtain their permission and requirements before construction works commence. Further information is available via the County Council website at:

<https://www.hertfordshire.gov.uk/services/highways-roads-and-pavements/business-and-developer-information/business-licences/business-licences.aspx> or by telephoning 0300 1234047.

3 AN) **Construction Management Plan (CMP):** The purpose of the CMP is to help developers minimise construction impacts and relates to all construction activity both on and off site that impacts on the wider environment. It is intended to be a live document whereby different stages will be completed and submitted for application as the development progresses. A completed and signed CMP must address the way in which any impacts associated with the proposed works, and any cumulative impacts of other nearby construction sites will be mitigated and managed. The level of detail required in a CMP will depend on the scale and nature of development.

The CMP would need to include elements of the Construction Logistics and Community Safety (CLOCS) standards as set out in our Construction Management template, a copy of which is available on the County Council's website at:

<https://www.hertfordshire.gov.uk/services/highways-roads-and-pavements/business-and-developer-information/development-management/highways-development-management.aspx>

AN) School Travel Plan: Modeshift STARS is the national schools accreditation scheme that has been established to recognise schools that have demonstrated excellence in supporting cycling, walking and other forms of sustainable and active travel. The scheme encourages schools across the country (including Hertfordshire) to promote and increase levels of sustainable and active travel in order to improve the health and well-being of children and young people, as well as reducing local highway impacts arising from school pick up / drop off. Every school in England (outside of London) can participate in Modeshift STARS for free and on completion of an application, schools will automatically have a brand new national standard School Travel Plan. To register for Modeshift Stars, visit <https://www.modeshiftstars.org/contact>. Support is available to schools in Hertfordshire from Hertfordshire County Council's Active & Safer Travel Team by contacting activeandsafertravel@hertfordshire.gov.uk or travelplans@hertfordshire.gov.uk
