1.0 Policies

D1 Sustainable design

D2	House exts, replcmnt dwellings outbuild
D3	Protecting living conditions
T2	Parking
HE1	Designated heritage assets
SECN12	Achieving well-designed places
SECN14	Meeting climate change,coastal,flooding
SECN16	Conserve + enhance historic environment

2.0 **Relevant Site History**

2.1 80/01216/1 - Erection of single storey front extension.

3.0 **Representations**

3.1 **Neighbour Consultation** – None received

3.2 **Knebworth Parish Council** – No objection

3.3 **Conservation Officer** – No objection

4.0 **Planning Considerations**

4.1 **Site and Surroundings**

- 4.1.1 The application site accommodates a two-storey dwelling situated on Stockens Green, Knebworth. The application site lies within the Stockens Green Knebworth Conservation Area and an Article 4 Direction.

4.2 **Proposal**

- 4.2.1 Single storey rear extension following demolition of existing conservatory

4.3 **Key Issues**

- 4.3.1 The key issues for consideration are as follows:

- The acceptability of the design of the proposed development and its impact on the character and appearance of the area.
- The impact of the proposed development on the living conditions of neighbouring properties.
- Access and parking matters.
- The impact of the proposed development on the environment.

Design and Appearance and Heritage Impact:

- 4.3.2 Policy D1 of the Local Plan requires that development proposals respond positively to the site's local context. Policy D2 of the Local Plan requires extensions to houses and outbuildings to incorporate a design that is sympathetic to the main dwelling in terms of its scale, form and orientation and does not harm the character and appearance of the locality around the site. These policies are broadly consistent with Section 12 of the National Planning Policy Framework.
- 4.3.3 The proposed rear extension would maintain the same footprint and scale as the existing rear element set to be demolished. The proposed external materials are set to match the existing dwelling.
- 4.3.4 Regarding the impact on the Stockens Green Knebworth Conservation Area, the following has been lifted from the Conservation Officer report:

There is NO OBJECTION. The scheme will satisfy the provisions of Sections 16(2) (LBC) and /or 66(1) (FP/FPH) and/or 72(1) (both) of the Planning (Listed Buildings and Conservation Areas) Act 1990 and the aims of Section 16 of the NPPF and Policy HE1 of the North Hertfordshire Local Plan 2011-2031.

Therefore, given the no objection from the Conservation Officer and the introduction of materials more sympathetic to the Conservation Area, the proposal is not considered to cause an unacceptable level of harm to these designated heritage assets.

- 4.3.5 In my view, the proposal is considered to be acceptable in design terms and would, therefore, not cause harm to the character and appearance of the host Listed Building or

Conservation Area. As such, the proposed development complies with Policy D1, D2 and HE1 of the NHLP and Sections 12 and 16 of the NPPF.

Impact on Neighbouring Properties:

- 4.3.6 A core planning principle set out in the NPPF is to always seek to secure a good standard of amenity for all existing and future occupants of land and buildings. This principle is reflected in the provisions of Policy D3 of the NHLP.
- 4.3.7 Regarding neighbour amenity, the proposal would not see an increase in footprint or scale to the dwelling. Therefore, it is not considered that the proposal would result in unacceptable harm upon living conditions as to be objectionable in terms of over dominance, shading or overlooking.
- 4.3.8 This development is therefore considered to be in accordance with Policy D3 of the NHLP and Section 12 of the NPPF.

Highways and Parking:

- 4.3.9 The development does not indicate an increase in the number of bedrooms. Therefore, regarding policy T2 of the NHLP, there would be no car parking issues arising from the development.

Environmental Implications

- 4.3.10 The proposed development is not large enough in scale to cause significant implications for the local environment in terms of carbon emissions and therefore would be generally in compliance with Section 14 of the NPPF.

Biodiversity Net Gain:

- 4.3.11 This is a form of development which is exempt from BNG Legislation, defined under article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order 2015 due it falling under the scope of the 'de minimis' exemption.

4.4 **Conclusion**

- 4.4.1 In the absence of material planning reasons to the contrary it is my view that planning permission is **GRANTED**.

4.5 **Alternative Options**

- 4.5.1 N/A

4.6 **Pre-Commencement Conditions**

- 4.6.1 N/A

5.0 **Recommendation**

5.1 That planning permission be **GRANTED** subject to the following conditions:

1. The development hereby permitted shall be begun before the expiration of 3 years from the date of this permission.

Reason: To comply with the provisions of Section 91 of the Town and Country Planning Act 1990 as amended by Section 51 of the Planning and Compulsory Purchase Act 2004.

2. The development hereby permitted shall be carried out wholly in accordance with the details specified in the application and supporting approved documents and plans listed above.

Reason: To ensure the development is carried out in accordance with details which form the basis of this grant of permission.

3. The extension(s) hereby permitted shall be built in external materials to match the existing dwellinghouse unless otherwise agreed in writing by the LPA.

Reason: To protect the visual amenities of the locality and to comply with Policies D1 and D2 of the North Hertfordshire Local Plan 2011 to 2031.

Proactive Statement:

Planning permission has been granted for this proposal. Discussion with the applicant to seek an acceptable solution was not necessary in this instance. The Council has therefore acted proactively in line with the requirements of the Framework (paragraph 38) and in accordance with the Town and Country Planning (Development Management Procedure) (England) Order 2015.
