C3 - Dwellinghouses

Is the proposed operation or use

- ☒ Permanent
☐ Temporary

Why do you consider that a Lawful Development Certificate should be granted for this proposal?

The proposal involves the construction of a small rear dormer extension to facilitate a loft conversion within the existing roof space. The works will provide additional habitable accommodation in the form of a bedroom with an en-suite.

The dormer will be set back from the eaves, finished in materials matching the existing roof, and will not exceed the highest part of the existing roof. Roof lights will be installed to the side roof slope. The proposal complies with the limitations and conditions of Schedule 2, Part 1, Class B of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended).

It is therefore considered that the proposed works constitute permitted development and a Lawful Development Certificate should be granted.
